

ANDREW LAUERMAN

PROFILE

I am a 3D Artist based in Los Angeles with a specialization in character modeling, sculpting, texturing, surfacing, and shader development for both gaming and film industries. I recently completed my education at Gnomon School of VFX, Games, and Animation, renowned for its excellence in visual effects. My goal was to enhance my proficiency in design programs and acquire the skills needed to infuse vitality into digital assets. In my time at Gnomon I became proficient in Autodesk Maya, Unreal Engine, ZBrush, Substance Painter & Designer, Houdini, Marvelous Designer, X-Gen, Yeti, Wrap3, Fibermesh, and learned render engines such as Vray, Arnold, and Redshift. I also possess expertise in Marmoset Toolbag, Nuke, and the entire Adobe Creative Suite.

WORK EXPERIENCE

Stasis Media | Andrew Lauerman

2021 - 2024 | Los Angeles, CA

Graduated Gnomon School of VFX, Games and Animation with a 3.8 GPA projects included 3D character modeling, texturing, rendering for games and film.

Brigantine Films | Freelance Graphic Designer

2019 - 2021 | Los Angeles, CA

Created and delivered high profile and large scale visual content for live concert audiences up to 50K attendees.

Aligned with Brigantine owner, director and video host (VJ) Steven Steelman and A-List celebrity music entertainers (Misfits, Kacey Musgraves) to execute the vision of extraordinary content.

Coordinated and assisted as video software projectionist for live visuals at "Somethin in the Water" festival in Virginia Beach, supporting artists including Pharrell, Travis Scott, ASAP Ferg, SZA, and Mac Demarco.

iTennis | Graphic & Motion Designer

2018 - 2021 | South Pasadena, CA

Delivered print media content for any and all events occurring at all 5 of iTennis Southern California locations.

Designed graphic communication through adobe creative cloud tools such as Illustrator, Photoshop, Premiere and After Effects to generate online and print media including fliers, billboards, and web design.

Emarketed | Search Marketing Specialist

2013 - 2016 | Los Angeles, CA

Developed strategic online branding for several clients, including World Gym.

Enhanced website search engine traffic growth.

Provided comprehensive database and project management while simultaneously running social media marketing and integration for Emarketed clients.

Computer Tech Instructor | ESL Tutor

2011 - 2012 | St. James | Holy Redeemer - L.A. Archdiocese

As the head of the Computer Technology Department for St. James-Holy Redeemer, I developed a spiral curriculum that fulfilled the ISTE standards and incorporated Language Arts and Math for grades 2-8. Responsibilities as Resource Specialist include rotation and mastery of grade level common core Language Arts and Math standards using one on one and group sessions.
